68% of U.S. businesses have not purchased any form of cyber liability or data-breach coverage.

46 Days

Studies show that it takes 46 days, on average, to resolve a cyber attack at a rate of approximately $21,155 per day.

41% of businesses have over 1,000 files of sensitive data stored in the clear.

55% businesses typically lack the resources or knowledge to develop a cybersecurity plan.

60% of small businesses who suffer a cyber attack are out of business within 6 months.
